EMERGENCY OPERATIONS

Wildland Urban Interface Firefighting for the Structural Firefighter

This 7-part series presents the information a structural firefighter needs to know when called to support operations at wildland or WUI fire. Strategies used in the wildland and WUI environment require unique knowledge and skills that are different from structural fire response.

This series can assist fire service members in meeting the training requirements of NFPA 1051 and 1143. Content also reflects recommendations from the National Wildland Coordinating Group (NWCG) and the National Interagency Fire Center (NIFC).

1. **Wildland & WUI Firefighting: An Introduction** - 23:06 TRT
2. **Wildland Fire Behavior & Forecasting** - 19:00 TRT
3. **Managing Risk & Firefighter Safety** - 19:00 TRT
4. **Tactical Resources & Equipment** - TBD TRT
5. **WUI Strategies & Tactics** - TBD TRT
6. **Structure Triage & Scene Priorities** - TBD TRT
7. **WUI Safety & Hazard Control** - TBD TRT
